

## ELECTRICAL AREA

### Technical catalogue

- Air conditioning
- Comfort
- Gas safety
- Measurement and control
- Heat regulation
- Installation

Air conditioning	      <p>flush-mounting Dafne   wall-mounting Athena   wall-mounting Evo.X   wall-mounting Hipnos   wall-mounting Eco.X   wall-mounting Dedalo</p> <p>Digital programmable thermostats</p>
Comfort	     <p>panel-mounting   DIN-rail   plug-in   digital time switches   astronomical time switch 2 relay outputs</p> <p>Electromechanical time switches   Time and astronomical time switches</p>
Gas safety	    <p>wall-mounting   connection Rp 1/2"-3/4"   isolation and safety   isolation</p> <p>Gas detectors   Gas solenoid valves   DIN-rail transformers   DIN-rail transformers</p>
Measurement and control	      <p>digital   digital   1PH - 230 V AC   3PH - 400 V AC   for network analysers/energy meters   remote pulse receiver</p> <p>Panel-mounting measuring instruments   DIN-rail measuring instruments   Energy meters   Energy meters   Software and accessories</p>
Heat regulation	      <p>panel-mounting   panel-mounting   DIN-rail   refrigeration   humidity   pressure</p> <p>Digital thermometers   Digital heat regulators   Digital regulators   Digital regulators</p>
Installation supplies	       <p>measuring electrical quantities   circuit analysers   measuring ambient parameters   Current clamp meters   bearing and distancing   distancing column   petticoat</p> <p>Testers   Polyester insulators   Polyester insulators</p>

## ILLUSTRATED TABLE OF CONTENTS

accessories

Digital programmable  
thermostats

flush-mounting Keo

wall-mounting Klio

Electronic thermostats

wall-mounting Liv

wall-mounting Rio

Mechanical thermostats

electromechanical

Staircase light switches

electronic

outdoor IP54

DIN-rail with separate sensor

Twilight switches

PIR

Movement  
detectors

transformers  
for AC instruments

Current transformers and shunts

shunts  
for DC instruments

panel-mounting

Hour meters

DIN-rail

DIN-rail

Electronic control  
relays

temperature

humidity

pressure

Probes

tensioning

passing

Polyester insulators

standard  
elements

Polyester  
busbar supports

earth  
connection

Collars

pipe  
fixing

connection

Modular  
terminals

Technical  
sprays

## Digital programmable thermostats

Flush-mounting programmable thermostats

Wall-mounting programmable thermostats  
and accessories

Panel-mounting din-rail programmable thermostats

## Electronic thermostats

Flush-mounting electronic thermostats

Wall-mounting electronic thermostats

## Mechanical thermostats

Mechanical thermostats

Cylinder/pipe thermostats

## Electromechanical time switches

Panel/wall-mounting time switches

Din-rail time switches

## Plug-in time switches

Plug-in time switches

## Digital and astronomical time switches

Digital and astronomical time switches

## Staircase light switches

Electromechanical and electronic staircase light switches

## Twilight switches

Wall-mounting twilight switches

DIN-rail twilight switches

## Movement detectors

Movement detectors

## Gas detectors

**LPG gas detectors - RGG Wave**

**Methane gas detectors - RGM Wave**

## Solenoid valves for gas

**Normally open solenoid valves**

**Normally closed solenoid valves**

## DIN-rail transformers

**Continuous-service transformers**

**Bell transformers**

## Panel-mounting measuring instruments

Digital instruments

---

## DIN-rail measuring instruments

Digital instruments

---

## Energy meters

Single-phase meters

---

Three-phase meters

---

## Software

Energy meter software

---

Network analyser software

---

## Current transformers

Wound-primary transformers

---

Bypass-bar transformers

---

## Shunts

Shunts

---

## Hour meters

Panel-mounting hour meters

---

DIN-rail hour meters

---

## Control relays

Phase-sequence control relays

---

Liquid-level control relays

---

Motor alternation control relay

---

## Digital thermometers

Thermometers for RTD probes

Thermometers for thermocouple probes

## Digital heat regulators

Heat regulators for RTD probes - basic version

Heat regulators for thermocouple probes - basic version

Universal heat regulators - full version

Heat regulators for NTC RTD probes - full version

## Digital regulators

Digital regulators for refrigeration

## Digital regulators

Digital humidity regulators

Digital pressure regulators

## Probes and accessories

Accessories

Temperature probes

Humidity and pressure probes

## Testers

Analog testers

Digital testers

Circuit analysers

Ambient measurement instruments

## Current clamp meters

Analog clamp meters

Digital clamp meters

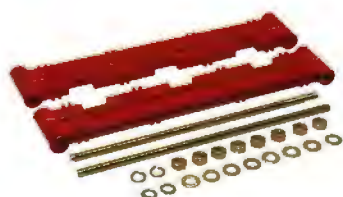

## Insulators

Petticoat insulators

Load-bearing and distance insulators

Tensioning insulators

Passing insulators

## Busbars

Standard busbar supports

## Installation accessories

Earth collars

Pipe-fixing collars

Modular terminals

PVC cable ducts

Technical sprays
